Stronger Together – Job Ad for SA Project Manager – Gauteng

Start date: ASAP

Location: Gauteng, home based
Part time position: 0.6 FTE (3 days per a week)

Who we are:

Stronger Together is a business led, multi-stakeholder collaborative initiative whose purpose is to support organisations to tackle forced labour within their businesses and supply chains. We work on a non-profit basis and provide clear guidance and pragmatic resources and training to support employers and labour providers in at risk sectors to deter, detect and deal appropriately with forced labour, labour trafficking and other hidden labour exploitation.

Stronger Together South Africa established in 2017, has been providing training, guidance and facilitating cross-supply chain dialogue in the South African fruit and wine industries and global supply chains. The programme works closely with its partners WIETA and SIZA. We have secured funding from the UK Home Office to expand the programme to the wider agricultural sector in 2019 – 2021, building on the strong foundation, reputation and relationships developed to date and successfully rolling it out to new sectors.

We are looking for an experienced project manager to co-manage this exciting and innovative project, to ensure the project delivers on targets, on-time, on-budget, in line with agreements and to the organisational objectives and guidelines.

Who you are

Essential

- An experienced project manager who has worked with or within the agricultural sector in South Africa
- Someone with a good knowledge and understanding of forced labour
- A track record of excellent relationship management experience, including developing and managing good working relationships with a range of stakeholders from the agri-business, government and not-for-profit sectors and (potential) funders
- A great organiser, with the ability to set and meet demanding targets and deadlines, and to hold others accountable to those
- Someone with an interest of being involved in operations as well as strategic thinking
- Experience with being responsible for risk and financial management
- A proactive, motivated and enthusiastic worker, able to work independently and with remote colleagues/stakeholders, delivering day-to-day workload with minimal supervision
- Someone with a good eye for detail, whilst retaining sight of the bigger picture
- A good problem solver with the ability to think on their feet
- Able and set-up to work from home, willing to travel for work
- Bilingual – Afrikaans and English

Desirable

- Experience of managing international projects or working with international partners
- Experience of working in or with agricultural businesses on ethical trade/responsible business/supply chains behaviour
• Experience of public speaking
